NOTE: I put Galax licks in the B part. A nice variation is to hit the first string, hammer onto the third fret, slide up to the fifth fret AND strike the note at the fifth fret.

Fair you well my Doney, Fair you well I say,
Fair you well my Doney, Come another day.

Lips just like a cherry, cheeks just like a rose,
How I love my Doney, God Almighty knows.

Wish I had a band box, Put my Doney in,
Take her out and kiss her, Put her back again.

You may ride the grey mare, I will ride the roan,
When you see my Doney, tell her I'll see her home. (When you go courting, leave my Doney alone.)

Preacher in the pulpit, Bible in his hand,
Said he wouldn't preach no more, Till he got another dram.
